Canuc Provides Board Update

Toronto, Ontario - Canuc Resources Corporation ("**Canuc**" or the "**Company**") (TSXV:CDA) wishes to announce the appointment of Robert Lelovic to the Board of Directors. Mr. Lelovic worked for one of the world's largest professional services firms for over ten years and has extensive experience in public company reporting, corporate governance, and compliance. His work has spanned a variety of industries including consumer industrial products, technology, oil and gas, and mining. Mr. Lelovic is the Managing Director of Robert Lelovic Professional Corporation, a company registered with the Institute of Chartered Professional Accountants of Ontario authorized to engage in the profession of public accounting. He currently serves on various public company boards. Mr. Lelovic graduated with a Bachelor of Administrative Studies with a major in Accounting from York University in 1998.

Mr. Lelovic is filling the vacancy left by Richard Brissenden who resigned from the Board earlier this year due to the extensive time commitments of other board work. Canuc is extremely grateful for service provided by Mr. Brissenden and wishes him all best in his future endeavours.

About Canuc

Canuc is a junior natural resource company that is active in the oil and gas sector in Texas and will be expanding its activities in 2014 and 2015.

Forward-Looking Statements

This news release contains forward-looking statements that include risks and uncertainties. When used in this news release, the words "estimate", "project", "anticipate", "expect", "intend", "believe", "hope", "may" and similar expressions, as well as "will", "shall" and other indications of future tense, are intended to identify forward-looking statements. The forward-looking statements are based on current expectations and apply only as of the date on which they were made. The factors that could cause actual results to differ materially from those indicated in such forward-looking statements include changes in the prevailing price of gold, the prevailing price of natural gas, the Canadian-United States exchange rate, amount of gas produced that could affect revenues and production costs. Other factors such as uncertainties regarding government regulations could also affect the results. Other risks may be set out in the Company's annual financial statements and MD&A.
